**This year we are focusing on the  
future of life with Parkinson's.**

We are proud to announce that **Ignacio Mata, PhD**, Assistant Professor, UW Department of Neurology will present the *Genetics of Parkinson's* while **Charles Adler, MD, PhD**, Consultant and Professor, Department of Neurology Mayo Clinic College of Medicine will be discussing *Current and Future Parkinson's Research in Arizona*. Additional presentations will be on *The Power of Positivity While Living with a Chronic Illness* by **Kathryn Baehr, LMFT** and *The Why's, How's and What's about Exercise and PD* by **Melinda Theobald, MS**, Outreach Program Manager and Exercise Psychologist, Banner Health Wellness Center West.

We believe the day will offer those living with Parkinson's and their families a wonderful opportunity to hear knowledgeable leaders in their fields and interact with others living with the disease.
